
Own Your Voice - 30 Day Quest (PRIVATE INVITE)

Here's the low down:

After the success of **Speakership** and being chosen as a selector and coach for **TEDx speakers** this year, I'm throwing down a challenge to help you unlock the power of your **true voice** and become confident in **any conversation** in 30 days.

Here's what I built:

Our goal is to help you **elevate your communication** and **reprogram your inner critic**, so you can step fully into your power.

This is perfect for you if:

- 🚀 You hesitate to speak up, struggle with self-doubt, overthinking or being seen.
- 🚀 You want to feel clear, confident, and in control in any conversation.
- 🚀 You're ready to silence your inner critic and own your voice.
- 🚀 You're tired of losing opportunities because you don't express yourself fully
- 🚀 You want to stop seeking approval and start owning your presence

Because this challenge is a **quest** designed to:

- ✓ **Strengthen** your confidence like a muscle, so you show up powerfully in every interaction.
- ✓ **Break through** your limiting patterns that have kept you playing small.
- ✓ **Master** the skills to navigate any conversation with ease- including the tough ones.

✓ **Discover** your unique communication style and express yourself authentically, without second-guessing.

I know you're busy, which is why I created the **Own Your Voice System™** - a streamlined delivery that requires just 10 minutes/ day to unlock your next level.

How? ...

Over **30 days**, starting **Sunday, April 20th**, we'll level up together using the **Own Your Voice System™**, a proven framework built on **three powerful pillars**:

Pillar 1: Power Up™

Step 2: The Daily Activation™

Step 3: OYV Community™

Pillar 1: Power Up™

In this session, we put the pieces of the puzzle together in a mentorship call to help you get the most out of your quest, so you know exactly what to focus on. We'll clarify your communication style, identify strengths and areas for growth, and help you step into your power. This group mentorship call will provide a clear blueprint for success, setting you up for the next steps in the quest.

Pillar 2: The Daily Activation™

Each day, you'll receive an efficient activation, with an exercise to build momentum, shift your mindset, and strengthen your communication. You're given daily prompts, guided videos, and action steps, where consistency will drive transformation.

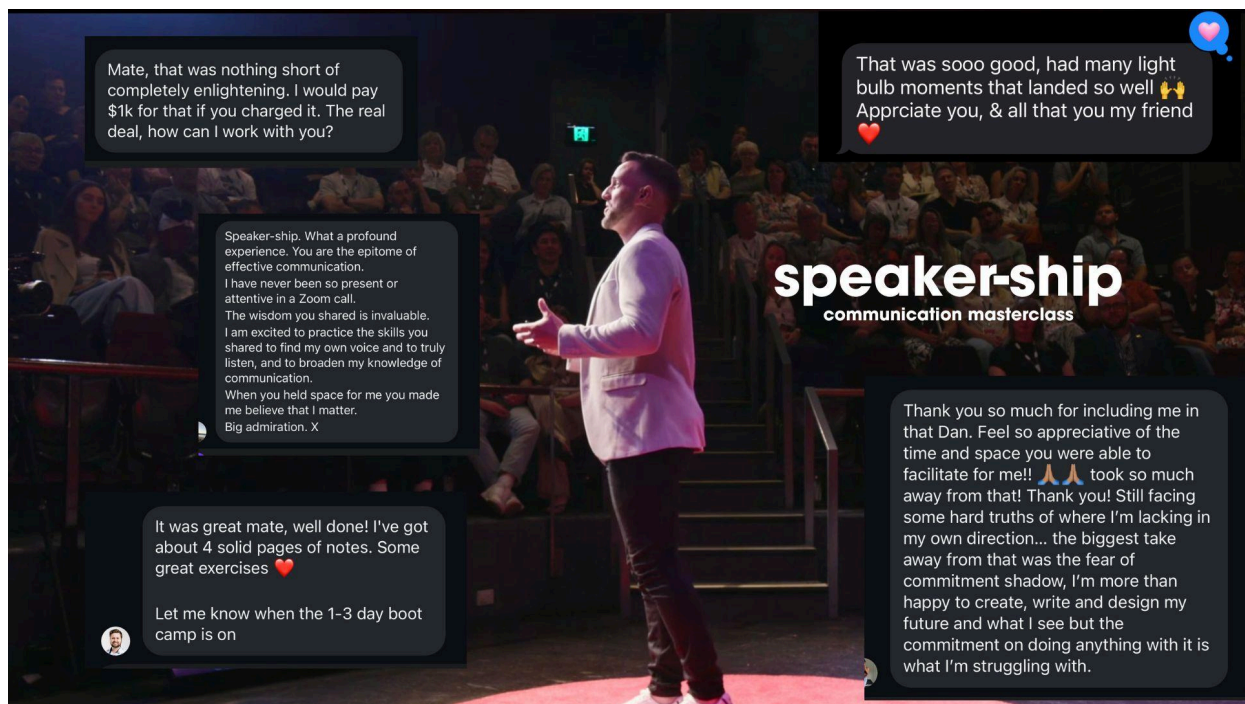

Pillar 3: OYV Community™

You won't do this alone. The **Own Your Voice** community is a space where you can connect with like-minded individuals, share your experiences, ask questions, and gain insights from others on the same journey. The collective energy and support will keep you accountable, motivated, and empowered to keep pushing forward.
